## Family Group Conference (FGC)

All families face difficulties at times and sometimes we have problems that we just can't seem to resolve. A Family Group Conference (FGC) is a way of bringing together extended families, including, friends, neighbours, significant others and any agencies involved. The purpose of which is to explore potential solutions and agree safe plans for the future.

**A Family Group Conference can help wherever there's a plan or decisions to be made, for example:**

With children and young people when you're worried about a child's safety, want to avoid a child going into care, reduce problems caused by divorce and separation.

With vulnerable adults when you're worried about the care of an elderly relative, domestic abuse, elderly abuse, physical or mental disability, supporting someone through a new diagnosis.

- Family breakdown
- Divorce and separation
- Bereavement
- Domestic abuse
- Confidence and self esteem
- Behaviour management
